PRACTICA and INTERNSHIP STUDENTS:

The first meeting for practicum and internship students is August 21, in Quick Lecture Hall. The meeting is scheduled from 6:00 pm to 9:00 pm. All practica and internship students are required to attend this meeting.

Students planning to register for Internship need to secure and have approved through Dr. Peter Wilson an internship site **three weeks prior** to the August 21 organizational meeting. This allows time for an internship contract to be generated and mailed to the internship site. Unlike the practicums that require an on-site supervisor with a master's degree in the mental health field, the internship requires that the on-site supervisor be a licensed professional.

Additional information about practicums and internships can be found on the Graduate Psychology website (www.trevecca.edu/gradpsychology).
